MAJOR STATE HIGHWAY
PROJECTS ACTIVE
for
2007 CONSTRUCTION SEASON

- 1 ALBANY**
NH Route 112 (Kancamagus Highway) improvements from Lower Falls to Rocky Gorge. Some sections of alternating one-way traffic with some traffic travel on gravel surface. Completion mid summer 2007.
- 2 ALLENSTOWN - PEMBROKE**
US Route 3 bridge replacement over the Suncook River. Route 3 traffic will be shifted during construction. Completion late fall 2007.
- 3 ALSTEAD**
NH Route 123 road reconstruction at the Cobb Hill intersection with alternating one-way traffic during work. Also bridgework at Mad Brook with signalized alternating one-way traffic. Completion summer 2008.
- 4 ALSTEAD**
NH Route 123 road and bridge reconstruction from NH Route 123A to the NH Route 12A/Griffin Hill intersection. Some alternating one-way traffic used during work hours. Completion fall 2008.
- 5 ALSTEAD**
NH Routes 123/12A bridge construction over the Cold River. Signalized alternating one-way traffic will be used for traffic control during the bridge construction. Completion spring 2008.
- 6 BARTLETT**
US Route 302 bridge replacements over the Saco River and Railroad with road and waterline reconstruction. The Route 302 and West Side Road intersection will also be relocated. Traffic will be maintained using lane shifts and flagger controlled alternating one-way traffic. A paved detour and temporary bridge at the Saco River crossing from June 2007 till summer 2008. Completion fall 2008.
- 7 BATH - LANDAFF**
US Route 302/NH Route 10 guardrail replacement beginning in Bath and continuing north to Mill Brook Road in Landaff. Completion summer 2007.
- 8 BEDFORD - MANCHESTER - LONDONDERRY**
F.E. Everett Turnpike bridge construction over the Manchester Airport Access Road and Ramps A & C bridges. Completion 2009.
- 9 BELMONT**
US Route 3 reconstruction from Union Road, east to the Laconia Bypass. Alternating one-way traffic from May 31st to September 4th during construction. Completion fall 2008.
- 10 BERLIN**
The NH Rte 110, Saint Lawrence/Atlantic Railroad Bridge will be replaced with 1000 ft. of road construction on Rte 110 (Green St) and 400 feet on Mount Forest St. Some alternating one-way traffic with detours during working hours. Local traffic only on Green St. Completion summer 2007.
- 11 BOW - HOPKINTON**
I-89 pavement and bridge improvements from NH Route 3-A in Bow, north to Exit 5. No lane closures during heavy traffic flows with some night work possible. Completion fall 2007.
- 12 CHICHESTER**
US Route 4/Main Street/Horse Corner Road intersection improvements providing two through lanes in each direction on Route 4. Two-way traffic will be maintained during peak hours. Completion fall 2007.
- 13 CLAREMONT - NEWPORT**
NH Route 11 pavement rehab work beginning east of Old Newport Road continuing east to the Kellyville Bridge over the Sugar River. Alternating one-way traffic will be used during work hours. Completion fall 2008.
- 14 COLEBROOK**
NH Route 26 reconstruction beginning west of Diamond Pond Road going east to just west of the Dixville Town Line. Pavement rehab, safety improvements, drainage and three existing bridges to be replaced. Completion summer 2009.
- 15 ENFIELD**
NH Route 4A pavement rehab with drainage upgrades beginning south of Main Street and continuing south to Cogswell Way. Alternating one-way traffic to be used during daylight work hours. Completion summer 2007.
- 16 EPPING - EXETER**
NH Route 101 pavement rehab beginning at Exit 6 continuing east for 9.6 miles to the Squamscott River bridge in Exeter. Work hours will be from 7:00 AM to 7:00 PM to minimize traffic impacts. Completion fall 2007.
- 17 FARMINGTON - ROCHESTER**
NH Route 11 pavement rehab and roadway improvements from 1 mile east of NH Route 153 continuing to 10 Rod Road. Mostly two-way traffic with lane shifts to be used with minimal short-term flagger controlled one-way traffic for several operations. Completion fall 2007.

- 18 GORHAM**
NH Route 16 pavement rehab with safety and drainage work from just north of US Rte 2 for 3.8 miles to the Berlin City line. One lane traffic in each direction will be maintained during work hours. Completion fall 2007.
- 19 HAMPTON - ROCHESTER**
Blue Star (I-95) and Spaulding Turnpikes resurfacing. All work to be done during the night to minimize traffic impacts. Completion fall 2007.
- 20 HOLDERNESS - PLYMOUTH**
Replacement of the NH Route 175-A (Holderness Road) bridge over the Pemigewasset River. Including construction of a new roundabout at the intersection of High Street, Main Street and Rte 175-A. All traffic to be maintained with detours and lane shifts some with short-term flagger controlled one-way traffic. Completion fall 2008.
- 21 HUDSON**
NH Route 102 roadway rehab from Highland Avenue to the McDonald's and the Plaza drives. Some traffic interruptions. Completion spring 2008.
- 22 HUDSON - LONDONDERRY**
NH Route 102 pavement rehab and roadway improvements beginning at the NH Route 3A intersection going east for 7.3 miles to Buttrick Road in Londonderry. Completion summer 2007.
- 23 KEENE - SWANZEY**
Construction of a two-lane roundabout at the intersection of NH Routes 10, 12 and 101 and Winchester Street in Keene. Night work with alternating one-way traffic patterns. There will be no lane closures between 6 AM and 7PM. Completion summer 2008.
- 24 LACONIA**
US Route 3/NH Route 11B drainage improvements and Weirs Beach sidewalk addition from Lakeside Avenue to Tower Street and Lucerne Avenue to White Oaks Road. Work starts after Labor Day 2007 with alternating one-way traffic control. Completion fall 2007.
- 25 LIVERMORE - ALBANY**
NH Route 112 (Kancamagus Highway) guardrail replacement from the Lincoln/Livermore Town Line east to Abernaki Way. Completion fall 2007.
- 26 LONDONDERRY**
NH Route 28 Exit 5 ramps reconstruction work north to Enterprise Drive. Also construction of a Park and Ride west of Route 28. Alternating one-way traffic can be anticipated. Completion 2007.
- 27 MADBURY**
NH Route 155 bridge replacement over the B&M Railroad and relocating the Rte 155/Pudding Hill Road intersection. Flagger controlled alternating one-way traffic may be used for some construction. Completion fall 2007.
- 28 MANCHESTER**
I-293 and Granite Street road and bridge improvements at Exit 5. Day and night work with lane shifts during work hours. Completion summer 2008.
- 29 MANCHESTER**
Candia Road reconstruction from I-93 Exit 6 off-ramp east for 1.8 miles to the Massabesic Traffic Circle with alternating one-way traffic. Additional turn lanes and signal improvements. Completion summer 2007.
- 30 MEREDITH**
Roundabout construction at the junction of NH Route 106 (Parade Road) and US Route 3. Prelocating the Upper Ladd Hill Road and Mile Point Drive intersection. Two lanes used most of the time with some flagger/officer controlled alternating one-way traffic. Completion spring 2008.
- 31 MONROE, NH - BARNET, VT**
Truss bridge rehab on the Monroe/Malndoes Road bridge over the Connecticut River including both approaches in New Hampshire and Vermont. The bridge will be closed from April 2007 till work is completed. Completion late spring 2007.
- 32 NASHUA - MERRIMACK - HOOKSETT**
F.E. Everett TPK and I-293 resurfacing in the counties of Hillsborough and Merrimack. All night work with some lane closures. Completion fall 2007.
- 33 NORTH CONWAY**
NH Route 16 widening and pavement rehab from Artist Falls Road north to the Bartlett Town Line. Daytime two-way traffic with alternating one-way traffic during off-peak hours. Some night work. Completion summer 2007.
- 34 OSSISPEE**
NH Route 16 road and bridge deck rehab form Pine River Road proceeding north for 2.7 miles to the Lovell River Bridge. Flagger/officer controlled alternating one-way traffic will be used during road paving with long term lane shifts being used at bridge sites. Completion fall 2007.

- 35 PLAISTOW**
NH Route 125 widening from Wentworth Ave to the bridge over the B&M railroad. Lane closures during non-peak hours. Completion summer 2008.
- 36 PLAISTOW**
NH Route 125/Old County Road intersection improvements with new signalization. Some temporary lane closures. Completion summer 2009.
- 37 RYE**
NH Route 1A/Elwyn Road/Sagamore Road intersection (Foyes Corner) reconstruction. A new roundabout with alternating one-way traffic during off-peak hours. Completion summer 2008.
- 38 SALEM**
Construct a Park and Ride and Bus Station Facility near Exit 2 (I-93). Reconstruct all (950 feet) of Raymond Ave, 1250 feet of South Policy Street with new signals at their intersection. Completion summer 2008.
- 39 SALEM**
Cross Street Bridge replacement over Interstate 93 with some nighttime lane closures on I-93. Completion summer 2008.
- 40 SALEM**
Interstate 93 Exit 1 ramps reconstruction and ramp bridges replacement. Start date summer 2007 with approximate completion date in 2009.
- 41 SUTTON**
Interstate 89 Northbound and Southbound paving and striping between Exits 9 and 10 with daily lane closures used. Completion summer 2007.
- 42 WALPOLE**
NH Route 123 slope failure repairs in Drewsville using alternating one-way traffic with possible Route 123 daily closures. Completion fall 2007.
- 43 WALPOLE**
NH Route 123 bridge replacement over the Cold River. Minimal traffic impacts will occur due to the bridge is already closed. Completion fall 2008.
- 44 WARNER**
I-89 Northbound and Southbound pavement and bridge rehab beginning just south of Exit 8 continuing to just north of Exit 9 with shoulder and lane closures for all work. Completion summer 2007.
- 45 WINDHAM - SALEM**
NH Route 111 Bypass west end construction from NH Route 28 to NH Route 111 near I-93 Exit 3. Also east end of Route 111 connection work to be finished. Completion fall 2008.
